TCP’s LED Non-Cutoff Wall Pack combines the look of a traditional wall pack with the benefits of LED. An efficient alternative to HID, these wall packs deliver bright uniform light while providing energy savings. A long 50,000 hour rated life significantly decreases maintenance labor and material costs over the life of the fixture.

The robust die-cast aluminum housing incorporates an impact resistant polycarbonate lens. An integrated photocell is optional for dusk-to-dawn control. The wall pack mounts directly to a standard junction box for easy retrofit of traditional fixtures.
**LED Non-Cutoff Wall Pack - Polycarbonate Lens**

### Applications

This product family can be effectively used in outdoor wall mount locations. Commercial, industrial, retail and healthcare exterior lighting; parking lot, cargo door, high wall, area, security, etc.

### Construction

- Die-cast aluminum housing
- Impact resistant polycarbonate lens
- Durable dark bronze powdercoat
- Same footprint as existing HID wall packs

### Electrical

- cULus wet location rated
- Easy-to-access wiring compartment
- System rated for long 50,000 hour life
- Efficiently delivers up to 125 LPW

### Optics

- Prismatic polycarbonate lens
- Delivers bright, white light and excellent uniformity

### Warranty

Five year limited warranty against defects in manufacturing.

### Listings

UL and cUL listed
RoHS Compliant

### DLC v4.3 Standard
