TCP’s LED Non-Cutoff Wall Pack combines the look of a traditional wall pack with the benefits of LED. An efficient alternative to HID, these wall packs deliver bright uniform light while providing energy savings. A long 50,000 hour rated life significantly decreases maintenance labor and material costs over the life of the fixture.

The robust die-cast aluminum housing incorporates an impact resistant polycarbonate lens. An integrated photocell is optional for dusk-to-dawn control. An integrated microwave motion sensor is optional for increased power savings. The wall pack mounts directly to a standard junction box for easy retrofit of traditional fixtures.
Applications
This product family can be effectively used in outdoor wall mount locations. Commercial, industrial, retail and healthcare exterior lighting; parking lot, cargo door, high wall, area, security, etc.

Construction
- Die-cast aluminum housing
- Impact resistant polycarbonate lens
- Durable dark bronze powdercoat
- Same footprint as existing HID wall packs
- Operating Temperature: -20°C to 40°C

Electrical
- cULus wet location rated
- Easy-to-access wiring compartment
- System rated for long 50,000 hour life
- Efficiently delivers up to 125 LPW
- Optional Photocell (PC)
- Optional Microwave Motion Sensor (MS)

Optics
- Prismatic polycarbonate lens
- Delivers bright, white light and excellent uniformity

LED Non-Cutoff Wall Pack - Polycarbonate Lens

Applications
This product family can be effectively used in outdoor wall mount locations. Commercial, industrial, retail and healthcare exterior lighting; parking lot, cargo door, high wall, area, security, etc.
