Introducing TCP® latest offering of Allusion LED lamps—the “incandescent-like” LEDs that offer a unique dimming profile, replicating true incandescent/halogen dimming.

Reasons to choose the Allusion LED Lamps from TCP

- Instant energy savings - up to 85% more efficient than incandescent/halogen replacements
- UL approved for damp locations* - can be used outdoors when protected from elements. Can withstand humidity indoors/outdoors
- Long life of 25,000/30,000 hours (SL16) minimizes replacement and maintenance costs
- Smooth warm dimming creates the perfect atmosphere
- Shatter resistance lowers the risk of injury and breakage

Ideal Applications

- Table Lamps
- Floor Lamps
- Sconces
- Ceiling Fixtures
- Chandeliers
- Decorative
- Track lights
- Recessed Downlights

Specifications:

- Voltage ........................................ 120VAC/12VAC (MR16)
- Input Line Frequency .......................... 50/60HZ
- Lamp Life (Rated) .......................... 25,000/30,000 (SL16) hours
- Minimum Starting Temp ...................... -22°F/-30ºC
- Maximum Operating Temp .................. 45ºC
- CRI .................................................. 80
- Color Temperatures .......................... 3000K to 2000K/
.................................................. 3000K to 1800K (MR16)
