Features & Benefits

- Injection-molded thermoplastic ABS housing
- UL 94 V-0 flame rating
- Innovative, snap-together design allows for fast installation
- Replaceable directional chevron inserts are easily removed and reinserted
- Letters 6” height with 3/4” stroke
- Double face configuration
- Universal mounting: wall, side, or ceiling
- Housing snaps to canopy with simple twist and locking tightly secure housing to canopy
- 120/277 VAC dual voltage operation
- Low energy consumption: only 2.0 W at 120v
- LED indicator light and push button test switch
- LEDs mounted on print circuit board
- LED lamps are operating in normal (AC input) and emergency (DC input) modes
- 24 hours recharge after 90 minute discharge
- Low voltage battery disconnection: preventing deep discharge damage to the battery
- Maintenance-Free, Ni-Cd battery provides an estimated service life of 10 years with an operating temperature range of 10°C to 40°C
- ETL Listed for damp location
- Meets NFPA 101, NEC, and UL924 approvals
